

RFP CYF 19-16
ADDENDUM #1

TO: ALL POTENTIAL BIDDERS

FROM: Ryan Bolles
DSCYF – Procurement Administrator

DATE: October 10, 2019

SUBJECT: ADDENDUM TO REQUEST FOR PROPOSALS (RFP) – CYF19-16 Project
Coordinator for the Alliance for Restoring and Celebrating Health (ARCH)

The following revision is being made to RFP CYF 19-16:

1. On page 4 of the RFP the following language appears:

The successful bidder will work a maximum of 1627.5 hours per year for 3 years. This is the equivalent to approximately 217 days per year. The all-inclusive compensation to the successful bidder will range between \$70,000 and \$90,000 per year and will be negotiated based on experience and expertise.

2. The State of Delaware has re-evaluate the required number of service hours required under this RFP and the above section is being revised and replaced with the following language:

The successful bidder will work a maximum of 800-1,100 hours per year for 3 years. The all-inclusive compensation to the successful bidder will range between \$48,000 and \$55,000 per year and will be negotiated based on experience and expertise.

While this adjustment will likely discourage some interested bidders it is hoped the adjustment will create new interest from at least an equal amount of new bidders.

All other terms and conditions remain the same.
